

In just 48 hours we hit the first FEC filing deadline of 2014 and **we must make a strong showing**. I cannot emphasize this enough--**if you do nothing, big money wins and the people lose**.

[I need your help right now to fulfill the promise of a government that is actually of, by, and for the people.](#)

I said this before and cannot overstate it...**without you**, real grassroots campaigns do not exist. **I need you stand with me.** [Can I count on your support today?](#)

Only you have the power to defeat the stranglehold of big money on our politics, our freedoms, and our rights:

**With you, everything is possible.** [Please help us right now and contribute \\$10, \\$25, \\$50, \\$200, \\$500, \\$1000 or \\$2600.](#)
