

Dear Marisa,

Reading the December 15th newsletter from Marisa only strengthened my engagement to our cause of electing a true Progressive to the “People’s Seat” here in Massachusetts. After seeing her in action in public life and on the campaign trail, I can honestly say that there is no one else more qualified, energized and committed to changing the culture in Washington and bringing about legitimate results for the people of the Commonwealth.

Join me today in contributing \$5, \$10, \$50, \$100 or more to send a message to the naysayers who state that this primary race is over. Show them that it is far from over.

Apparently they haven’t been paying attention! In the past 9 months, Marisa has crisscrossed the state, speaking with voters one-on-one and answering the tough questions in earnest.

Please consider contributing \$5, \$10, \$50, \$100 or more to fight back against this fallacy. Marisa is our friend, our fighter, our candidate, and now is the time to give her the help she needs.

Thank you again and have safe and happy holidays!

Nancy Weinberg
