**Subject:** Frustrated? Do Something!

Hello Friends!

Are you frustrated with the empty partisan rhetoric that has taken over Washington? Well so am I! [That is why I have decided to run for the privilege of representing the people of the 6th District.](#) While wealthy Washington insiders skim more and more off the top, hardworking Americans work harder to make ends meet. It has to stop.

**We know Congress is broken, but it is not beyond saving. It is up to us. We need to send real, honest people to Washington.** I know that if we send people who are willing to both stand up for what they believe in and also work together, we will find real world solutions and succeed.

We know that success is NOT just about defeating the other party. Success is about improving the lives of every day Americans, and that is

something most politicians seem to have forgotten.

[Can you contribute \\$25 or more so we can fight back against the insiders?](#)

We know that the entitled political establishment has deep pockets. **I know that a real grassroots campaign is much more powerful.** But with money already pouring into my opponents' coffers in this race, we urgently need to repond. Help in our fight to bring a voice back to the people.

I am running for Congress because I believe in the power of the people and they deserve a Representative who will stand strong for them. Stand with me. It is time for politics to actually bring real solutions to the people. It will take all of us, but I know that with your support we will have the momentum to win.

Thank you so much for your support,  
Marisa
