Subject: history

Dear Friends!

A few weeks ago, Nancy Pelosi was here in Massachusetts raising money for Marisa's well-heeled opponent. We may not have Nancy's machine, but what we do have is Marisa's word and Marisa's integrity and she does not break them for anybody.

**Nancy's theme of her visit was "When Women Succeed, America Succeeds."** Well, here we are: we have the first woman candidate for the 6th District in more than two decades. Let's make history and send a woman to Congress, because it is not about Marisa's victory, it is about victory for progress, civil rights, honesty and integrity.

[Can you stand up and make history?](#)

Marisa is not just a woman, but a woman who has an **unmatched record fighting and winning for both women and men** on the ground, in the courts, and against the biggest player on the block. And when Marisa wins these fights, hardworking people, small businesses, and families across the District win. **We win when Marisa wins.**

[Click here to contribute \\$25, \\$50, \\$100, \\$500 or more, and join Marisa in standing up and winning for hardworking people.](#)

I am a woman who feels that we should elect the best candidate, period. But when the best candidate for the job is a woman, we win on both counts. Please join me in supporting Marisa DeFranco for Congress. **We have only 18 days before the first report of this campaign, and what you give today will determine whether our grassroots voice are heard or drowned out by the tide of big money.**

[Please rush us a secure contribution right now to make sure Marisa has the resources she needs to stand up...and fight...and win for you.](#)

With your help we can send the best candidate (who happens to be a woman) to Congress.

Thank you so much for your support,

Maura Flynn

Campaign Coordinator

DeFranco for Congress
