

Hello Everyone!

In this new year, our campaign for honest and true progressive values has reached its second stage. In order to qualify to be on the ballot for the September 6th primary, the campaign must amass 10,000 signatures from registered Democrats from around the Commonwealth.

[That being said, I need your help. Can I count on you to join Team DeFranco in garnering the 10,000 signatures we need? Click here to volunteer!](#)

Voters in Massachusetts need a progressive fighter in the Senate who won't give in to lobbyists and special interests upon election.

Thank you all again for your continued support!
