

**Dear Friends & Supporters!,**

**We are now at our biggest filing deadline for the entire campaign.**

I hope you saw Marisa's email about our **this HUGE deadline quickly approaching**. In **just 1 week**, we need to make a strong showing to keep our momentum going.

One week will make the difference between make or break. Your response has been great but we still have \$9750 to go in just 7 days. *That means we need to raise \$1392.85 each day.* We really need your help.

This campaign has been about you from the beginning. About fighting for your jobs and rights and your American Dream.

You know Marisa will always stand up for you but she needs your help to fight against the elite and the connected and the money arms race--[show her that you have her back and click right here, right now to make a donation.](#)

**Marisa is of, by, and for Main Street**, not Wall Street, not K Street.

That's why she needs every single one of us to chip in **today**.

From the beginning, your grassroots dollars has fueled this campaign. [Marisa needs your help. Can you click here to contribute now?](#)

Thank you for standing strong with us!

Maura Flynn  
Campaign Manager

*P.S. Many voters we meet in the field are surprised that Marisa is the only woman in this race. As only 18.5% of Congress is women, voters agree we need more women down there in D.C.*
