

Dear Friends,

[The Lowell Sun has endorsed our campaign!](#)

Headline: **Marisa DeFranco for U.S. Congress**

Highlights: **"Outsider" "Best Ideas" "Get Things Done"**

"Marisa DeFranco is considered an outsider in the Democrats' 6th Congressional District primary race and for good reason: She doesn't play political games when answering questions or offering solutions to what's wrong in Washington, D.C."

"DeFranco's frank talk is jarring to Democrats who etch the party's business-as-usual platform in stone. She offers a refreshing perspective and a strong woman's voice to issues that affect all people, especially the middle class."

"An immigration lawyer and businesswoman, DeFranco says she's been impacted by rising healthcare costs and government's expanding regulatory role."

"At a recent candidates' debate, she said, 'My office is literally on Main Street, and the truth is that Congress has been crushing the life out of small businesses for the past two years and the past 20 years.'"

"DeFranco campaign to unseat Tierney and defeat three other rivals in the race is an uphill battle. In our view, however, she's articulated the best ideas to change Washington's partisan culture and get things done. The Sun endorses Marisa DeFranco in the Sept. 9 Democratic primary race for the 6th Congressional District."

It is truly awesome for a major newspaper to endorse our grassroots, independent-minded, beholden to no one but the voters campaign.

And, more good news! [Another major newspaper in the district, the Daily Item of Lynn, published my Op Ed on my immigration plan.](#)

Our momentum continues to skyrocket, but we need to close strong in the **these final six days.**

We need to stay on the air, in the field, and well stocked with signs from all the requests that are pouring in!

[Your \\$50 donation will keep volunteers in palm cards for a day.](#)

[Your \\$100 donation will buy us 50 signs.](#)

[Your \\$500 donation will keep our ad on the air.](#)

[I need you to dig deep and dig now. It would be devastating to waste this momentum. We just need your help one more time.](#)

First we had the [Boston Globe column](#) wondering what Congress would do if it had "a critical mass of absolute outsiders." Now we have the *The Lowell Sun* endorsing me as that **outsider** who has the **best ideas to get things done.**

As I have promised you from the beginning, I would run a campaign on ideas and solutions and talk about my track record of getting things done. We have done that, and yesterday's endorsement proves we are succeeding!

[Please make a donation TODAY to take us over the finish line and help me do what I do best--help people and get things done!](#)

Thank you! To Victory!

Marisa
