

Dear Friend,

As we head into the holiday season, our campaign is gaining momentum each and every day.

Just this past week, we brought on board a new Field Coordinator, hired a Finance Director, and completed the updating and outfitting of our office on 14 North Main Street in Middle

In the coming weeks, we will recruit even more volunteers, staff, and deliver our message to the people of our district.

That message is the American dream is in peril and we must fight to protect it for the sake of the middle class and those less fortunate. The people who live in Middleton, Peabody, Lynn, Billerica, Burlington, Tewksbury, Gloucester, Salem, Nahant and all of the communities in our district work harder and harder for less and less money each year. **At the same moment, our government, gradually but consistently, is sacrificing our liberties, intruding on our privacy and surveilling our day-to-day activities while they give themselves free reign to do whatever they want with no accountability or oversight.**

It has gone too far, and it must stop.

You and I know we can--and must--have both liberty and accountability to preserve our constitutional freedoms.

As your congresswoman, I will ensure that "Liberty and Justice for All" is not just a slogan but an ideal that every representative of the people will fight to uphold and preserve.

As we approach this campaign, our idealism must be grounded in the reality of the cost of waging a successful campaign. I'll tell it to you straight. To wage a competitive and successful campaign, *we need to raise at least another \$25,000 by December 31st, the next Federal filing deadline.*

[Won't you consider making a donation by clicking here?](#)

There will be plenty of corporate money trying to buy influence in this race - we can be sure of that. I don't need corporate or lobbyist money. **I have something much more important than money - I have you.**

I want to thank you again for the confidence and support you've given me over the years. It really means a lot.

[Please support our campaign with a **strong** contribution of \\$1,000, \\$500, \\$250, \\$100, \\$50 or any amount by clicking here.](#)

Thank you for everything you do. Together, we can work towards a victory for all the people of **the Sixth District, Massachusetts**, and for the Nation.

Warmest,

Marisa DeFranco
