

Dear Friends!

Thank you for all of your support so far! We have just 7 days before the LAST reporting deadline of this entire primary race! We need you to step up and help us so we can finish strong!

I need your help to get our message out to as many voters as possible.

It's amazing what we've been able to do, proving we can do it without selling out to the highest bidder. [BUT, we need help from our best supporters like you in order to sprint to the finish line and win!](#)

You know you can always expect total transparency from me, so I'll give it to you straight--**I need to raise \$10,000 this week. I can absolutely do it--with your help.**

[Can I count on you to give \\$50, \\$100, \\$200, \\$500 or \\$1000 today?](#)

We really can change politics if just a few good people like you step up and help true independent grassroots candidates like me. I don't need a machine. ***I just need YOU.***

**It is now or never.** Your support will truly make all the difference at this FINAL deadline. Thank you!

Let's win!
