

Dear Friends,

20 days, 20 ideas, 20 minutes, \$20: Makeover

Here is Idea #15 in our campaign to give voters actual solutions to our current challenges and to provide **20 steps to a Total Makeover of Our Democracy.**

We need you as a partner in this journey to create a healthy, vibrant and thriving democracy. [If you like the idea, contribute \\$20.](#)

My opponents are in the kowtowing business--kowtowing to party establishment, big money, PAC, and K Street. **I am in the solutions business.** The solutions business for Main Street's small businesses-your business.

Our servicemembers and veterans are central to our safety and security.

The VA scandal highlights the deprivation of healthcare to many veterans, and in some instances, leads to death. For these reasons, what the scandal is bringing to light is unacceptable. We cannot continue with politics as usual, when care for veterans is delayed or denied outright. As the daughter of a Vietnam veteran, I will not stand by while Congress does nothing.

The American people should make at least two demands. One, give veterans the same healthcare that elected members of Congress get. Why does Congress get the gold standard while Veterans are forced to beg? Two, Congress must take all the money it overpays to mercenary contractors like Blackwater and Halliburton, and it must stop privatizing our American military. Congress must grant to Veterans the benefits they have earned and deserve.

DeFranco Delivers Idea #15: Gold Standard of Healthcare for Veterans.

Any person in the real world would see that spending millions and billions on private contractors while giving veterans the leftovers is completely backwards. Take the money we can save by ending these overpriced contracts and grant to Veterans the benefits they have earned. Congress and all those in power should be duly embarrassed by the VA scandal. Why hasn't my opponent done something about it?

My Idea #15 is a solution that is not only fair and just but is also required if our government wants to live up to its obligations to our veterans.

My solution #15: Gold Standard of Healthcare for Veterans = Delivering on America's Promise to Those Who Serve America
