State Representative Diana DiZoglio (D) Methuen, has endorsed Attorney Marisa DeFranco for Congress in the 6th Congressional District.

[Show Less](#)

"I am honored to have Representative DiZoglio's support, from one woman to another. "I think it's amazing to have someone in your position jump on board this early in the campaign," Attorney DeFranco told Representative DiZoglio.

DiZoglio addressed a packed room at Prince Pizzeria in Saugus last week during the DeFranco for Congress Kickoff.

"I wanted to make it a top priority today to drop by and show my support for Marisa DeFranco," DiZoglio told the crowd.

"Marisa is one of those people who will get up and say whatever she feels is right and really doesn't care who has a problem with that. That's something that we need in congress."

"[Sometimes] there's this fear to do the right thing and stand up for what the constituents really need. Marisa is not going to be afraid; she is going to stand up for what she believes in and what her constituents need."

"I am standing with Marisa as a personal friend and I wanted to make sure I came to show my support and ask your support for Marisa DeFranco for Congress in the 6th District."

Marisa DeFranco is a national and state award winning attorney. Attorney DeFranco has represented battered women in court, women immigrants seeking asylum, and has been working on the ground floor for women's rights and women's health for two decades. She served as a Commissioner and Officer on the state's women's Commission. DeFranco represents small businesses, innovators, and entrepreneurs across the North Shore from the construction and restaurant industry, education, bio tech, engineering and health care.

Attorney DeFranco is one of three Democratic candidates in the 6th Congressional District primary contest that will take place in September 2014.
